One Amazing Thing

What to do with a cheeky wallcovering of Her Majesty? Obviously *Martyn Lawrence Bullard* has some ideas.

Being a Brit—albeit an expat now—I have a certain patriotic attraction to this wallcovering. I always think you can have fun in powder rooms, where this print would be unexpected and fanciful. I also like the idea of using it on furniture: wallpapering the inside of a bookcase or decouping it onto a chest. The boldness of the design transcends, becoming more a work of art than anything else.
