

### Albania restored

A Jeanerette Chamber of Commerce Business After Hours hosted by Hunt Slonem and sponsored by First National Bank of Jeanerette, provided guests with the opportunity to see the newly renovated Albania Mansion in western St.

Mary Parish. The plantation, acquired in 2004 by Slonem, a New York-based artist known worldwide for his neo-naturalist paintings, has since undergone extensive renovation. Albania was built circa 1840 by Charles Grevemberg.
